1.

Patterns moving across the numbers and type.

2.

Type and shapes gently floating up and down (possibly patterns moving on shapes).

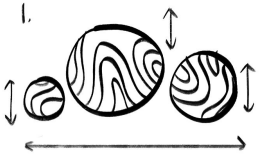
3.

Type with animated pattern. Blobs come swooping in behind. Blobs and type then bobbing up and down.

4.

Type and shapes come forward, blobs come in from behind shapes. Patterns moving on the shapes.

1.



Balls float up and down gently. Wavy line pattern moves across the orbs in similar speed (continous line across).

2.

Objects launch out of the door and float in space.

3.

Blobs come in from the sides and remain floating for a few seconds.

5.

Type with wave lines animated over it. Blobs and shapes float in from the sides behind the type.

6.

Type and circle come forward, dot line and shapes come in from the sides.

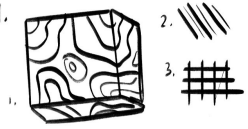
7.

Mimic of the CoMotion logo – letters drop in like blocks from a above one at a time.

8.

Type moving up and down (individual letters); blobs and shapes coming in from sides and bobbing along with type.

4.



Floating cube with alternating patterns flashing (wavy lines, then straight lines, then grid).

5.

Central floating ball, blob and line dot come in from the sides, floating up and down gently.
